REFLECTION:

"Rivers do not drink their own water; trees do not eat
their own fruit; the sun does not shine on itself and
flowers do not spread their fragrance for themselves.
Living for others is a rule of nature. We are all born to
help each other. No matter how difficult it is...life is
good when you are happy; but much better when others
are happy because of you." Pope Francis

SAFEGUARDING MONTH OF MAY:Safeguarding. “

Even when the path forward is difficult and demanding, I urge you not to get bogged down; keep reaching out, keep trying to instil confidence in those you meet and who share with you this common cause. Do not grow discouraged when it seems that little is changing for the better. Persevere and keep moving forwards!”

Inspired by Pope Francis’ words, this new child safeguarding policy builds on the foundations of past learning and experiences. The policy provides a new focus on leadership and governance to embed a culture of safeguarding.
